

**Public Service
of New Hampshire**
The Northeast Utilities System

Attention New Hampshire residents and PSNH Electric Customers!

Access your instant home energy rebate of up to \$4,000

Next Step Living would like to introduce you to their Green Homes Program, a Home Performance with ENERGY STAR saving program from PSNH

- *Lower your energy costs.*
- *Reduce your carbon footprint.*
- *Be more comfortable in your home.*

Step One:

Find out if your home qualifies for NH Home Performance with ENERGY STAR[®] (“NH HPwES”).

Step Two:

Schedule an energy assessment with PSNH’s partner, Next Step Living, by calling (866)-867-8729.

*This NH HPwES assessment, with onsite installed improvements, is available to qualified PSNH customers for a co-payment of \$100.00. The \$100 co-pay is refundable for customers that perform certain recommended efficiency upgrades following their assessment visit. **Please note that Window & Door replacement is not covered.***

Step Three:

After the initial NH HPwES assessment, Next Step Living, in partnership with PSNH, will help you implement some or all of the recommended energy saving improvements.

- The instant rebate covers 50% of the work done, up to \$4,000. For example:
- A customer having \$2,000 worth of work done, will get \$1,000 off (50%), and only pay \$1000 (50%)
- Annual energy savings could be as much as 35% saving you hundreds of dollars per year!
- NOTE: Your out-of-pocket costs for materials (not labor) should qualify for the Federal Tax Credit (check with your tax professional).
